Best Practices:

Best practice

1. Title of the Practice: Books a better gift to welcome guests.

2. Goal:

The objective is to gift books to welcome guests at college programme. It is believed that flowers and bouquets will wither away quickly in times and wasted; books will be an ideal replacement. Books are durable and ideal gifts, we often welcome guests with flowers bouquets but that is nothing more than wasting money because flowers are eventually disposed off after they wither. Books are informative and stay with you forever.

3. Context:

In what appear as an exceptional trend, invited guests to any college functions will be presented with book on the stead of flowers bouquets. It is speculated that, prior to the recent management and principal decision, the college has reportedly been practicing the tradition of gifting books instead of flowers bouquets to dignitaries who were invited as guest for considerable last two years. The president of Mula Education Society's Hon. Prashant Patil Gadakh and Principal of our college had always maintained that we welcome them with book instead of flower bouquets. We present books to our guests as a token of love in all our functions. In such welcome function, generally books are preferred such as personality development, political leadership, social awareness think, value added, scientific temper etc.

4. The Practice:

Practices are performed by the management and principal arranged staff for keeping on all college function: Recording of books of Librarian- their office-in and office-out by the staff themselves and by the administration.

5. Evidence of Success:

- Book reading cultural activity enhance among societies and students
- The writing ability of article, poem, book on different subjects enhance among students.
- Reading cultural activity conserved among rural area.
- Instead of flower bouquets, felicities book to guest so as conserve biodiversity.
- Successes are manifold. This can be enumerated as follows: Success achieved in taking college during the last two years:
- Problems Encountered and Resources Required

The following problems have been encountered in implementing the practice

- More seed money required
- Important books not easily available in book shop
